## To nominate a referee to go to regional/national events:

Most of these events are best served by younger, up and coming referees; female referees are especially welcome. In order to be considered, the referee must make themselves available for at least one of the following:

- USASA National Cup Regional Finals
- USASA Veteran's Cup
- USASA Coed Cup
- USASA Women's Championship

**Note:** These involve multiple dates of play; travel days will extend the time commitment. Referees at these events are often assessed by national assessors and are seen by national referee leaders. These are great opportunities for referees wishing to advance.

The referee recognition committee will review nominations, and make recommendations to the OASA Board. The OASA Board will, in turn, review the recommendations of the committee and forward them to the Oregon Referee Committee. The ORC will make final determinations as to the appropriateness of sending a particular referee to a particular event, and will liaise between the chosen referee(s) and the regional referee coordinator.

## To be eligible for selection to attend regional/national events, a referee must:

- Have refereed at least 10 affiliated adult games in the past year.
- Have met all requirements for their USSF grade, including being currently registered.
- Have agreed to be available for at least one of the listed regional and national events if selected.
